Chairman's Report

Regarding Crouchland, Mrs Burrell reported that the WSCC Planning Committee had resolved to grant a reduced Certificate of Lawfulness for the use of the site, which restricted it to on-farm use without the export of gas. The next stage would be the Appeals; the response deadline for the Appeal against CDC's enforcement notice was 23rd October and residents were urged to respond. The applicant had requested a 6 day public inquiry, which was unlikely to take place until May or June 2016.

Mrs Burrell reported that she would be attending a meeting the following day with CDC, along with the Clerk and Mrs Gibson-Pierce regarding site allocations for the Neighbourhood Plan.

The Chairman reported that an appeal had been lodged against CDC's refusal for a mobile home at Nell Ball Farm and that there are currently three ongoing enforcement cases concerning development at Nell Ball Farm currently lodged with CDC Legal Services.

Dear Ms Miller

Re: 15/03095/FUL Erection of wood store and general garden storage on land adjacent Hardnips Barn (Retrospective Application). Hardnips Barn, Rickmans Lane, Plaistow.

Plaistow and Ifold Parish Council maintains its strong OBJECTION to this application, which is a resubmission of 14/03513/FUL, which was refused.

As stated in our letter of 2nd March, the parish council has received representations from members of the public and photographic evidence which shows that cars are habitually parked in the building, suggesting that the wording of the application is disingenuous and that what is applied for is actually a garage. Indeed, in her site notes for the previous application, the officer reported that two vehicles were parked in the building at the time of her visit. The building is located outside the residential curtilage and within ancient woodland, some distance away from the main dwelling house and is disproportionate to the main dwelling house by way of its mass size and scale. The parish council has concerns that the building has the potential to become a separate dwelling. The applicant has created a track to provide vehicular access to the building, however, the parish council notes that this has not been included in the application.

The parish council considers that the existence of a bat does not justify this inappropriate development. Mitigation measures recommended in the Biodiversity Mitigation and Enhancement Plan appear to go far beyond mitigation measures recommended for other similar cases. The parish council would suggest that the council seeks its own expert advice regarding suitable mitigation measures.

Plaistow and Ifold Parish Council considers that this application constitutes inappropriate development in the countryside, which should be protected for its own sake and, as such, should be refused.

Yours sincerely

Beverley Weddell
Clerk to Plaistow and Ifold Parish Council

Dear Mr Dunn

Re: APP/L3815/W/15/3129444 Little Springfield Farm

Plaistow and Ifold Parish Council has asked me to write to confirm that the parish council has no objection to this application, which is very well supported by local residents.

The parish council considers that the proposed residential units would be more appropriate on this site than the existing B2 use, which could potentially attract a large number of HGV movements on the unsuitable local rural roads, and noise disturbance for nearby residents.

Yours sincerely

Beverley Weddell

**Re: 15/03123/FUL Variation of Condition 4 of planning permission PS/15/01351/FUL
Proposed access drive, turn and parking to be porous shingle. Milestones, The Drive,
Ifold.**

Plaistow and Ifold Parish Council has considered this application and OBJECTS.

The parish council considers that there has been no change in circumstances to justify a variation to Condition 4, which is essential to protect the amenity of the neighbouring residents.
