

In 2018 your Parish Council purchased the Ifold telephone box from BT for £1 as part of the 'adopt a kiosk scheme'. It is situated at the junction of The Drive and Plaistow Road. The Parish Council intends to refurbish our iconic 1936 K6 telephone box, designed by Sir Giles Gilbert Scott (1880- 1960), for future generations. However, rather than let it sit restored yet redundant, the Parish Council wants to give it a new purpose within the Ifold community – to house a lifesaving defibrillator.
